

Board Candidates

Ryan Bourgo

Hi Hidden Harbor! My name is Ryan Bourgo and, along with my wife Carrie, and three children (Owen 16, Alana 14, and Iris 7), have lived in the neighborhood for nearly 5 years. In my last term as VP, we were able to greatly increase our saved funds, upgrade our parks, build pickleball courts, stop the building of a neighboring apartment complex on the ridge, and maintain so many other assets within the community. A bit about myself: I have a Ph.D. in Genetics and work remotely as a Senior Medical Director. I'm a family man at heart and am so excited to continue finding ways that we can improve Hidden Harbor, while retaining the atmosphere on the ridge that we love!

Sean King

Hi there! My wife Michelle and I have been residents here for just under three years. We have two children, Sawyer, who is 10 and Charlie who is 6. We absolutely love being part of the Hidden Harbor community and we are so glad we made the move from the Chicagoland area.

We own Cultivating Digital, which is a web design and digital marketing firm. When I saw that Hidden Harbor also had a website, I felt there were some opportunities where I could add my expertise. I have been able to help with website optimization, incorporating a third-party payment vendor to make website payments accessible and created the new check in system at the pool. I look forward to continuing to add value to the board in any way I can.

Ken Ladner

My name is Ken Ladner. I am married to Tina, and we have four married daughters and three grandchildren. Upon retiring four years ago, my wife and I moved to Hidden Harbor from Hattiesburg, Mississippi. We chose Hixson (Chattanooga) after looking at several cities and quickly fell in love with this neighborhood and the beauty of this area. We bought and remodeled the house at 6410 Brian Lane.

I worked in manufacturing for 32 years as Supervisor of Production Control with Sunbeam Oster, and Cooper Power Systems. I then worked as a Maintenance Supervisor for fourteen cafeterias, overseeing the installation, upkeep, and repair of equipment. In these positions, my responsibilities included managing a multi-million-dollar budget and overseeing the timely manufacturing of products.

My hobbies include lawn and garden work, fishing, household projects, traveling, and spoiling my grandchildren.

Because of my love for this area and the experience I have gained throughout my career, I feel uniquely qualified to serve and support our community.

Wes DeShazo

Hi I'm Wes and I have lived in Hidden Harbor for the past eight years with my wife and two sons, ages 7 and 2. I have a degree in Construction Management from Chattanooga State and have continued education with courses in Construction Engineering at the University of Tennessee at Chattanooga.

I work with my family's businesses—M & M Construction, McNabb Rentals, and Stoneworx—where I am involved in building new homes, remodeling existing homes, installing swimming pools, and designing landscaping projects. With over 20 years of hands-on experience in the construction industry, I would like to bring valuable knowledge that could help guide future neighborhood upgrades, maintenance decisions, and improvement projects within Hidden Harbor.

With both professional expertise in construction and a long-term investment in the Hidden Harbor community, I will be committed to maintaining and improving the neighborhood for all residents and families who call it home.
